

## CONNECTION | September 2011

Dear friends,

School is back and we are starting a new season in Lighthouse. Summer has been great but little laid back, but everything seems to be taking off now. I hope this will encourage you.

### ENGLISH – SPORT CAMP FOLLOW UP

I'm very excited about how the summer went with our English-sport camp. We had great camp and as great follow up. Students were meeting together couple times a week for different activities. We had regular time every week to talk more about who God is and what he has done. Two weeks ago we had a weekend retreat for the students. It was a retreat with Chuck Norris who has become very popular in Czech due to the jokes about him. What most of people don't know is that he is a Christian.

There are some great testimonies from the kids from camp. At least three students have decided to follow Jesus this summer as a result of summer camp and follow up activities. We started small group meetings for students and planned this fall for the Club.

I really love the story of Beky. One girl that comes from Christian home, but wouldn't consider herself a Christian, even didn't wanted to do anything with the church. After the camp where she gave her life to Jesus she wants to grow in her faith, help in Club even be on the leadership team...and she is our neighbor.

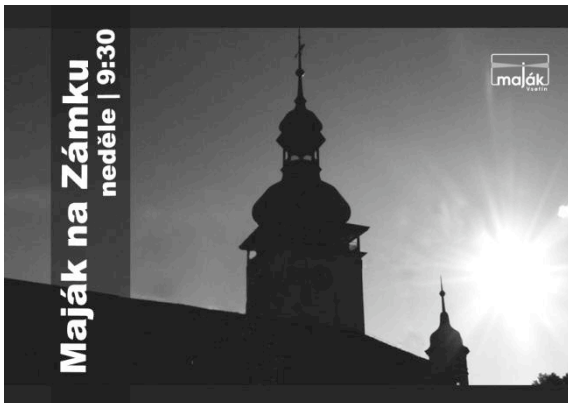

## LIGHTHOUSE ENGLISH IN THE FALL

We are again starting a Lighthouse English classes. This fall again we have a great help from our friends from Colorado. Daniel and Reeta Treat with their kids have come for three months to help us out with that. We will have 5 classes. The big difference this time is that there is one of our church groups is focusing to intentionally build friendships with the students and come up with ways how to share Christ with them. We are really excited about that and are praying

that we will see how people from English will get to know Jesus as we have seen with George last year.

## NEWS WITH MAJAK

This Sunday will be the first Sunday we will meet at a local castle. The biggest challenge is probably that we hope to be able to find a different place for our office, english classes and club. We had couple places that we have looked into and were quite promising, but didn't work out. Moving to the castle is necessary now, but if we could move our offices and save money that we can use to expand our mission, that would be even better. So please pray that we will be able to find such a place soon.

- Please pray that each one of us at Lighthouse will take seriously the life of missionary to people around us.
- For all the students that were part of our summer camp.
- For change in our Sunday meetings.
- To be able to find a place where we can have our offices, English clases and youth club.
- We pray for many new people that God will save in our town.
- New church plant in Olomouc.
